On-line workshop on MSCA Postdoctoral Fellowships 2022 for applicants and their supervisors (30-31/05/2022)

You are required to send your CV and abstract in one word document to luzumova@tc.cz by 19 May (23:59). Do not forget to register by filling in the form HERE.

1) Abstract (max. 2000 characters with spaces) + proposal title

Your abstract is a short summary where you are supposed to clearly explain:

- the objectives of the proposal
- how they will be achieved
- their relevance to the Work Programme.

In your abstract, try to answer the following questions:
- **WHAT?** is the project about/objectives, what do you want to do? (including a short introduction into the topic)
- **WHY?** is it necessary to carry out such research? What will be the expected impact? (importance of the research idea)
- **HOW?** will you proceed? Which novel methods will be used? (short description of your work plan)
- **WHO?** Why are YOU the right person to achieve the proposed objectives? What will the project bring you in terms of career development?

Do not include any confidential information. Use plain typed text, avoiding formulae and other special characters.

The abstract (short description of the proposal) will be used in the evaluation process and in communications with the programme management committees and other interested parties.

2) CV of the researcher (indicative length: 5 pages)

Instructions to be found in Part B2, Project proposal – Technical description (2021), p. 11 (no overall page limit applied)

Any information provided in Parts A and B of the proposal should be fully consistent. Always mention full dates (using format: dd/mm/yyyy). The CV should include the standard academic and research record. Any research career gaps and/or unconventional paths should be clearly explained.

At a minimum, the CV should contain:
   a) The name of the researcher;
   b) Professional experience (most recent first, with exact dates in format dd/mm/yyyy);
   c) Education, including PhD award date (most recent first, with exact dates in format: dd/mm/yyyy).

The CV should include information on:

- Publications in peer-reviewed scientific journals, peer-reviewed conference proceedings, and/or monographs (they are expected to be open access either published or through repositories) and other outputs such as data, software, algorithms significant for your research path (they are expected to be open access in appropriate repositories to the extent possible; they should be accompanied by a very short qualitative assessment of their scientific significance and not by the Journal Impact Factor);
- Invited presentations to internationally established conferences and/or international advanced schools;
- Organisation of international conferences, including membership in the steering and/or programme committee;
- Research expeditions led by the researcher;
- Granted patent(s);
- Examples of participation in industrial innovation;
- Prizes and Awards;
- Funding received so far;
- Supervising and mentoring activities;
- Other items of interest.

Applicants who have successfully defended their doctoral thesis *before* the call deadline but who have not yet formally been awarded the doctoral degree must clearly indicate the date of the successful PhD defence ("viva"). Researchers having their last thesis defence *after* the call deadline will be automatically declared ineligible for this call.
